Hi David,

FYI, still working through the cost estimate for Stage 1 Financial Responsibility. Stage 1 cost estimate that is covered in the Draft APP is \$7.59 million (reaches a max in year 8, with closure credit subtracted for prior years). The max Stage 1 closure cost is \$7.71 million if you don't subtract prior closure credit. Closure credit is what has been already closed in prior years. We will have to consider the information in the revised application.

Thanks, Nancy

Hi Kate,

Nancy and I spoke briefly on the phone on Monday, June 12, about the financial responsibility requirements and cost estimates for closure of the Gunnison Copper Project wells and aquifer.

## **Ex. 5 - Deliberative Process**

Thanks,

Jim
